Education

Marathwada Mitra Mandal's College of Engineering, Pune

2024–2028

Bachelor of Technology in Information Technology

Savitribai Phule Pune University (SPPU)

CGPA: **9.53/10**

Technical Skills

Programming Languages: C, C++, Python, JavaScript

Frontend: HTML, CSS, React, Tailwind CSS

Backend: Flask, FastAPI, Node.js, Express.js

Databases: SQLite, Firebase, MySQL, MongoDB

Tools: Git, GitHub, VS Code, Docker, Kubernetes

Domains: Artificial Intelligence, Machine Learning, NLP, Full Stack Development

Academic Achievements

- Selected among **40 participants nationwide** for the **ACM Summer School 2026 – Systems for Machine Learning** hosted at VIT Vellore, covering GPU Architecture, CUDA Programming, Distributed ML Systems, ML Compilers, Hardware Accelerators, Edge AI, Transformers, and Explainable AI.
- Secured a CGPA of **9.53/10** after completion of the second year of B.Tech.
- Achieved **2nd Place** at **Innoverse 2025** and received a cash prize of **5,000**.

Key Projects

Chanakya – Project-Based Internship | Education Consultancy Website

- Developed a responsive web platform for an education consultancy supporting college discovery, comparisons, admission services, and student inquiries, translating client requirements into functional web features.

Enterprise Employee Expense Reimbursement System – Fluid Controls

- Developed an enterprise reimbursement system for Fluid Controls Pvt. Ltd. under faculty guidance, implementing role-based workflows for employees, HOD, Finance, Accounts, and Admin.
- Built authentication, claim approval, receipt validation, reporting, and settlement modules to digitize the end-to-end reimbursement process.

AdaptInfer – Adaptive Local LLM Inference Dashboard

- Developed a Streamlit dashboard for benchmarking local DistilGPT-2 inference using FP16/INT8 dynamic quantization and system telemetry, analyzing latency, memory usage, tokens/sec, and perplexity.

KrishiSakhi – Smart Agriculture Assistant

- Designed an AI-powered agriculture assistant to support farmers with crop recommendations, weather insights, government schemes, and sustainable farming practices.
- Integrated multilingual voice support, farm logbook management, crop failure assistance, and off-season livelihood guidance to improve accessibility.

Dough-Re-Mi – AI Cookbook Experience (UI/UX)

- Designed an AI-powered cookbook experience with wireframes, user flows, and interactive prototypes focused on recipe discovery, personalized assistance, accessibility, and intuitive navigation.

Positions of Responsibility

Chairperson, ACM Students' Chapter

- Lead the student chapter's technical activities, event planning, and member engagement.
- Coordinate with student teams and faculty to organize technical events, workshops, and initiatives.

Logistics Head, Vaarithon 2026 Hackathon

- Led logistics planning and on-ground coordination for the hackathon.
- Coordinated participants, resources, venues, schedules, and event operations to ensure smooth execution.

Logistics Coordinator, TEDx Club

- Coordinated logistics and operational activities for TEDx events and initiatives.
- Assisted in planning, organizing, and executing speaker sessions and club activities.

Member, ACM Students' Chapter

- Participated in technical workshops, coding activities, and community-driven initiatives.

Member, IT Tech Club

- Contributed to technical events, learning sessions, and collaborative project activities.

Extracurricular Activities

Coffee with Alumni Initiative

- Hosted and coordinated alumni interaction sessions, managing speaker outreach, session planning, and live Q&A.

Volunteer and Anchor, ICSFT 2026

- Anchored conference sessions and coordinated event logistics for the Information Technology track at ICSFT 2026.

Guest Coordinator, GameX Innovate: Hacksprint v7.0

- Coordinated guest and participant activities, event logistics, and evaluation support for a 24-hour game development hackathon.

Volunteer, TechSpark 2026 Project Competition

- Supported participant coordination, event logistics, and evaluation activities during the project competition.
